# Goals

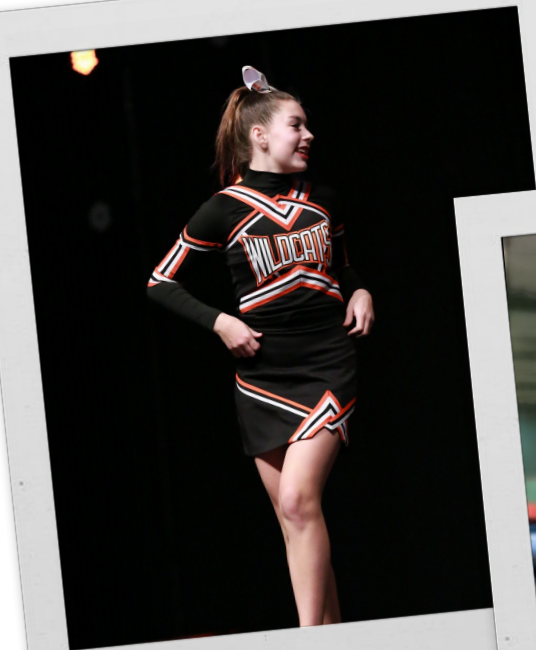

Update website to include more training videos, photos, and information about the club.

Create more promotional videos for the club. (Film clips at competitions, trainings, gym sessions, etc. and edit to use wherever needed)

Ensure that current and new members are informed about all upcoming events, competitions, and trainings.

Take professional photos at competitions and trainings for people to use. Continue the idea of the shared drive and upload photos there.

Thank you !!  
Future PRO hopefully??

*perfect straight jump yes wow !*
